Pursuant to the provisions of Section 204 of the Act and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, read with Regulation 24A of the Listing Regulations, the Board of Directors of the Company had appointed M/s. Vinod Kothari & Company, Practicing Company Secretaries as Secretarial Auditor to conduct Secretarial Audit of the Company for the Financial Year 2018-19.

SECRETARIAL AUDIT REPORT

The Secretarial Audit Report in Form MR-3 as given by the Secretarial Auditor for the financial year ended 31st March 2019, forms a part of the Directors' Report and annexed as **Annexure-"C"**.

There are no other observations (including any qualifications, reservations, adverse remarks or disclaimer) of the Secretarial Auditors in their Audit Report that may call for any explanations from the Director's of the Company except that a fine imposed by NSE & BSE for the quarter ended 31st December, 2018 and for the period from 1st January 2019 to 14th February 2019 for non-compliance with the Regulation 17(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Company had the practice of having a permanent chairman on the Board. However, in view of need of a fair degree of rotation among other members for the position of chairmanship and also recognizing the need for orderly transition, the Board of Directors of the Company had decided to abolish the position of the regular chairman. Prior to such abolition of the position of the regular chairman, the composition of the Board of the Company was well in compliance as it had Three Independent Directors out of total Seven Directors as required by Regulation 17 of the Listing Regulations. There was no induction or resignation of director in the Board and hence the Company continued with the same composition of Board for both the phases i.e. prior to or post abolition for the position of a Regular Chairman. The Company immediately upon receiving of the letter from the National stock Exchange of India Limited ('NSE') rectified the Board composition and the compliance status was duly intimated to the BSE Limited and NSE as a part of outcome of the Board Meeting held on 14th February, 2019. At present, the Board consists of Six Directors out of which Three are Independent Directors i.e. half of the total strength of Board comprises of Independent Directors which is in compliance with Regulation 17(1) of Listing Regulations. The Company has paid the fine and filed application before the relevant Committee of the respective exchanges for waiver of fine and the same is pending as on date. There is no other instance of any deviation from the statutory requirement of the Company during the Financial Year 2018-19. The Secretarial Audit Report confirms that the Company has complied with the applicable provisions of the Act, Rules, Regulations and Guidelines.

SEBI vide its Circular No. CIR/CFD/CMD/27/2019 dated 8th February, 2019 has specified that the listed entities shall additionally, on an annual basis, require a check by a Company Secretary in Practice for compliance of all applicable SEBI Regulations and circulars / guidelines issued there under and accordingly the Company has appointed M/s. PS & Associates, Practicing Company Secretaries to carry out the necessary audit. A certificate received from M/s. PS & Associates, Practicing Company Secretaries was placed before the Board and will be filed with the Stock Exchange where the securities of the Company are listed.

COST AUDITORS

Performance Evaluation

- Board of Directors**

As per the applicable provisions of the Act and Listing Regulations based on the Guidance Note on Board Evaluation of SEBI dated 5th January, 2017, the Board carries out an Annual Evaluation of its own performance, as well as the working of its Committees. The Board works with the Committee to lay down the criteria for the performance evaluation. The contribution and impact of individual Directors is reviewed through peer evaluation on parameters, such as level of engagement and participation, flow of information, independence of judgement, conflict resolutions and their contribution in enhancing the Board's overall effectiveness. Feedback-cum-assessment of Individual Directors, the Board as a whole and its Committees is conducted. The feedback obtained from the interventions is discussed in detail and where required, independent and collective action points for improvement are put in place.

- Independent Directors**

Performance evaluation of Independent Directors was done by the entire Board of Directors excluding the Director being evaluated. On basis of that evaluation, performance of the Independent Directors has been found satisfactory and the Board of Directors were of the view that the performance of Independent Directors is beneficial for the Company. The parameters used by Board of Directors for the performance evaluation of Independent Directors *inter-alia* include:

- Roles and Responsibilities to be fulfilled as an Independent Director;
- Participation in Board Processes

- Separate Meeting of the Independent Directors**

During the Financial Year 2018-19, as per the requirement of Schedule IV to the Act, and Listing Regulations, one separate meeting of Independent Directors was held on 10th November, 2018 without the presence of the Non-Independent Directors and the members of the management to discuss *inter-alia* the following:

- a) Performance of Non-Independent Directors and the Board as a whole;
- b) To assess the quality, quantity and timeliness of flow of information between the Company Management and the Board.

Familiarization Programme for the Independent Directors

The Company has organised a familiarisation programme for its Independent Directors. The objective of the programme is to familiarise the Independent Directors to enable them to understand the operation of the Company, its business, industry and environment in which it functions and the regulatory environment applicable to it. These include orientation programme upon induction of new Directors as well as other initiatives to update the Directors on a continuing basis.

During the Financial Year 2018-19, no new Independent Director was appointed on the Board of the Company. However, on an ongoing basis as a part of Agenda of the Board/ Committee Meetings, Independent Directors regularly discuss on various matters *inter-alia* covering the Company's and its subsidiary companies businesses & operations, industry and regulatory updates, strategy, finance, risk management framework, role, rights, responsibilities of the Independent Directors under various statutes and other relevant matters.

The details of Familiarization programme for Independent Directors is provided at the following weblink:

http://www.manaksiasteels.com/pdf/Familiarization-Programme-data_msl_31-03-2019.pdf

Non-Executive Directors

Non-Executive Directors, including Independent Directors, play a crucial role in imparting balance to the Board processes by bringing independent judgement on issues of strategy, performance, resources, standards of Company conduct, etc.

Expertise and Competency of the Board of Directors

The Company believes that it is collective effectiveness of the Board that impacts Company performance and therefore members of the Board amongst themselves should have a balance of skills, experience and diversity of perspectives appropriate to the Company.

The Directors should possess one or more of the following core skills / expertise / competencies as identified by the Board, for efficient functioning of the Company in the present business environment:

Board Agenda

The meetings of the Board are governed by a structured agenda. The Agenda for the Board Meeting covers items set out as per the requirements of the Act and Listing Regulations to the extent these are relevant and applicable. The Managing Director

and the Chairperson of the Meeting ensures that relevant issues are on the Board Agenda and the Board is kept informed on all the matters of importance. All agenda items are supported by relevant information and documents to enable the Board to take informed decisions. Members of the Senior Management are occasionally present in the meeting as a special invitee, as and when required. The Notice and Agenda of each Board Meeting is given in advance to all the Directors in compliance with the requirements of the Secretarial Standard.

Information placed before the Board

Necessary information as required under statute and as per the guidelines on Corporate Governance are placed before the Board, from time to time. The Board periodically reviews compliances of various laws applicable to the Company and the items required to be placed before it. Draft minutes are circulated amongst the Directors for their comments within the period stipulated under the applicable law. The minutes of the proceedings of the meetings are entered in the Minutes Book and thereafter signed by the Chairman of the meeting or by the Chairman of the next meeting.

Code of Conduct

The Company has adopted a “Code of Conduct” for Board Members and Senior Management of the Company. The code anchors ethical and legal behaviour within the organisation. The Code is available on the Company’s website at the following weblink: <http://www.manaksiasteels.com/upload/media/corporate-policies/Code-of-Conduct-Board-Members.pdf>

5. The compliance of the provisions of corporate and other applicable laws, rules, regulations, standards is the responsibility of the management. Our examination was limited to the verification of procedure on test basis;
6. The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

The observations mentioned in this report are in addition to the observations and qualifications, if any, made by the statutory auditors of the Company or any other professional and the same has not been reproduced herein for the sake of repetition.

During the Audit Period, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, etc. mentioned above subject to the following observations:

Matter of Emphasis

Receipt of letter from Stock Exchanges w.r.t. corporate governance requirements under Listing Regulations

During the Audit Period, it was observed that the Company had w.r.t. the corporate governance requirements as per Regulation 17(1) of the Listing Regulations, for the quarter ended December 31, 2018 and the period from 1st January, 2019 till 14th February, 2019, received a letter from stock exchanges in this regard. The National Stock Exchange of India Limited and BSE Limited each as per the SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2018/77 dated May 03, 2018, have imposed fine for the quarter ended 31st December, 2018 and for the period from 1st January, 2019 to 14th February, 2019 for not complying with certain provisions of Regulation 17 of the Listing Regulations.

It was noted that the Company has had the practice of having a permanent chairman on the Board earlier. However, in view of the need of a fair degree of rotation among other members for the position of chairmanship and also recognizing the need for orderly transition, the Board of Directors of the Company had decided to abolish the position of the regular chairman so that the other members present may elect one among themselves to act as the Chairman for each meeting. The Articles of Association of the Company was accordingly altered with the approval of the shareholders of the Company as well. Further, prior to such abolition of the position of the regular chairman, the composition of the Board of the Company was well in compliance. Further, the Company has paid entire amount of fine to both the exchanges within the stipulated time frame. At present, the Board consists of 6 (Six) directors out of which 3 (Three) are Independent Directors i.e. half of the Board of Directors comprises of independent directors which is in compliance with Regulation 17(1) of Listing Regulations.

Non-filing for delegation of powers to the Committee of Directors

The Board of Directors of the Company in its meeting dated 16th May, 2018, had constituted a Committee of Directors with the powers to borrow monies, to make investments, to grant loan or give guarantee or provide security in respect of loans with a ceiling limit in accordance with the provisions of Section 179(3) of the Act. Further, in terms of Section 117(3)(g) of the Act, such resolution was required to be filed with the Registrar in e-Form MGT-14. It was observed that the Company had not filed any such resolution with the Registrar during the Audit Period.

Recommendations as a matter of best practice

In the course of our audit, we have made certain recommendations more specifically with respect to the Related Party Transactions entered into by the Company, in order to improve the corporate governance practices therein, separately addressed to the Board of Directors, for its necessary consideration and implementation by the Company. The said recommendations form part of this Report.

During the Audit Period, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, etc.

We report that

As on 31st March, 2019, the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The number of directors liable to retire by rotation is in compliance with provision of Section 152 (6) of the Act, which provides that 2/3rd of the total directors (except independent directors) of the Company shall be such whose period of office will be liable to determination by retirement of directors by rotation.

All the changes in the composition of the Board of the Directors during the Audit Period were made in due compliance of the various provisions of the Act.

Adequate notices were given to all the Directors to schedule the Board Meetings. However, detailed notes on agenda were sent to the board of directors prior to the meeting.

All decisions of the board were taken with the requisite majority and recorded as a part of the minutes.

We further report that subject to above the Company has complied with the conditions of Corporate Governance as stipulated in the Act and LODR.

We further report that based on the information provided by the Company during the conduct of the audit and also on the review of quarterly compliance reports by Company Secretary taken on record by the Board of Directors of the Company, in our opinion, adequate systems and processes and control mechanisms exist in the Company to monitor and ensure compliance with applicable other general laws.

We further report that during the Audit Period, the Company has not incurred any specific event/ action that can have a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. except the following:

Shifting of Registered Office of the Company

The Board of Directors in its meeting dated 10th November, 2018, had granted its approval for shifting the registered office of the Company.

Accordingly, during the Audit Period, the registered office of the Company was shifted to "Turner Morrison Building, 6 Lyons Range, 1st Floor, Kolkata- 700001". The Board of Directors had taken note of that in its meeting dated 14th February, 2019.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Overview

As per the World Economic Outlook of the International Monetary Fund, global economic activity slowed notably in the second half of last year-after recording strong growth in 2017 and early 2018-reflecting a confluence of factors affecting major economies. China's growth declined, following a combination of needed regulatory tightening to rein in shadow banking and an increase in trade tensions with the United States. The euro area economy lost more momentum than expected as consumer and business confidence weakened and external demand, especially from emerging Asia, softened. Elsewhere, natural disasters hurt activity in Japan. Trade tensions increasingly took a toll on business confidence and, so financial market sentiment worsened, with financial conditions tightening for vulnerable emerging markets in early 2018 and then in advanced economies later in the year, weighing on global demand. Conditions have eased in 2019 as the US Federal Reserve signaled a more accommodative monetary policy stance and markets became more optimistic about a US-China trade deal.

As a result of these developments, global growth is now projected to slow from 3.6 percent in 2018 to 3.3 percent in 2019, before returning to 3.6 percent in 2020. The current forecast envisages that global growth will level off in the first half of 2019 and firm up after that. The projected pickup in the second half of 2019 is predicted on an ongoing buildup of policy stimulus in China, recent improvements in global financial market sentiment, the warning of some temporary drags on growth in the euro area, and a gradual stabilization of conditions in stressed emerging market economies, including Argentina and Turkey. Improved momentum for emerging market and developing economies is projected to continue into 2020, primarily reflecting developments in economies currently experiencing macroeconomic distress. By contrast, activity in advanced economies is projected to continue to slow gradually as the impact of US fiscal stimulus fades. Beyond 2020, global growth is set to plateau at about 3.6 percent over the medium term, sustained by the increase in the relative size of economies, such as those of China and India, which are projected to have robust growth by comparison to slower-growing advanced and emerging market economies.

In India, growth is projected to pick up to 7.3 percent in 2019 and 7.5 percent in 2020, supported by the continued recovery of investment and robust consumption amid a more expansionary stance of monetary policy and some expected impetus from fiscal policy.

Industry Structure and Developments

Global steel demand is growing continuously and in 2019 also, the demand for steel is expected to remain on the positive side. While the robustness of steel demand recovery seen in 2017 was carried forwarded to 2018, risks have also increased. Rising trade tensions and volatile currency movements are increasing uncertainty in the global steel industry.

In 2018, the world crude steel production reached 1789 million tonnes (mt) and showed a growth of 4.94% over 2017. China remained world's largest crude steel producer in 2018 (928 mt) followed by India (106 mt), Japan (104 mt) and the USA (87 mt).

The Short Range Outlook of the World Steel Association projected that global steel demand will grow for the year 2019. The report also forecasts that the demand for steel in the developed world remains healthy, while in the developing countries steel demand will continue to recover amid challenges.

World Steel Association has projected Indian steel demand to grow by 7.3% in 2019 while globally-steel demand has been projected to grow by 1.4% in 2019. Chinese steel use is projected to show Nil growth in 2019.

The Indian Steel Industry has entered into a new development stage, riding high on the resurgent economy and rising demand for steel. India's steel demand is increasing every consecutive year and in 2019, as forecast by World Steel Association, it will overtake the United States in steel demand. The demand will be supported by improving investment and infrastructure programmes.

India was the world's second-largest steel producer in 2018. The growth in the Indian Steel Sector has been driven by domestic availability of Raw Materials such as Iron ore and Cost-Effective Labour. Consequently, the steel sector has been a major

contributor to India's manufacturing output. Rapid rise in production has resulted in India becoming the 2nd largest producer of crude steel during the current year so far, from its 3rd largest status in the previous year. India is also the largest producer of sponge iron in the world and the 3rd largest finished steel consumer in the world after China & USA.

Business

Manaksia Steels Limited continues to manufacture value added secondary steel products and is catering to the increasing global demands of the Housing, Industry and Infrastructure Sectors.

The Company manufactures and sells value added steel products comprising Cold Rolled Sheets used in interior and exterior panels of automobiles, buses and commercial vehicles, galvanized corrugated sheets which find use in the rural housing sector and factory buildings and galvanized plain sheets, used in the manufacture of containers and water tanks and color coated (pre-painted) coils and sheets for sale to construction, housing, consumer durable and other industries. The principal raw material for the products of the Company is Hot Rolled Steel Coils.

The Company has a 120,000 MTPA Steel Cold Rolling Plant at Haldia for manufacture of Cold Rolled Coils and Sheets and continuous Galvanizing Plants at Bankura (30,000 MTPA) and Haldia (60,000 MTPA). Both the plants have a strong Quality Management System with in-house testing facilities and are ISO 9001:2008 certified. The Company has facilities at Haldia for further value addition of Steel and Aluminium Products, where Galvanized Steel Sheets and Cold Rolled Aluminium Sheets are pre-painted/colour coated in a 48,000 MTPA color coating line. The Company has also facilities for Roll Forming/Profiling for direct supply to projects for industrial roofing as a part of such value addition.

During the year, the Company set up a subsidiary at Dubai under the name and style of Technomet International FZE, which acquired two companies at Nigeria namely Far East Steel Industries Limited and Federated Steel Mills Limited-manufacturing steel long products.

Overview of Operations

Results

During the year under review, the revenue of your Company on a standalone basis stood at ₹ 68870.71 Lacs, as compared to ₹ 50,002.49 Lacs during the last financial year. During the year, the Company earned a Net Profit of ₹ 1031.66 Lacs as compared to a profit of ₹ 1,665.53 Lacs during the last financial year. The increase in turnover was due to improved sales and the decrease in profit was due to steep increase in cost of imported raw materials resulting in low margin. The profitability was also affected by more competitive market and forex loss due to high volatility of currency market. These results could have further improved, had it not been for a protectionist measure in the form of Anti-Dumping Duty on imports of "Hot Rolled Steel Coils"-the principal raw material of your Company which was retained by the Central Government, during the year under review, to protect primary steel producers.

Risks and Concerns

Your Company is actively, albeit cautiously, looking for growth opportunities and new markets for its products. The Company is exposed to a number of market risks arising from its normal business activities. These risks include changes in raw material prices caused due to market fluctuations and imposition of various government duties-as in the recent times, foreign currency exchange rate, interest rate which may adversely impact the Company's financial assets, liabilities and/or future cash flows. The Company continues to mitigate these risks by careful planning of optimum sales mix, active treasury management, product diversification, innovation and penetration in different markets, both domestic and international. Further cost saving measures across all segments of the Company, would help in improving the margins in an otherwise difficult market.

Opportunities and Threats

A diversified product portfolio and considerably wide geographical reach, both domestic and international, have helped the Company to significantly de-risk its business and meet the risks with suitable precaution. The Company is focused on enhancing value added products. Improvement in safety performance is of utmost priority, for which the Company has constantly been initiating measures to avert accidents. The Company has sales and technical servicing offices at Mumbai, Delhi and Bangalore.

Internal Control Systems

The Company has an effective system of internal controls which helps it to maintain both internal controls and procedures to ensure all transactions are authorised, recorded and reported correctly and also ensure disclosure and protection of physical and intellectual property. The Company appointed a firm of Chartered Accountants as Internal Auditors who independently evaluate the adequacy of the internal controls on a regular basis. For transparency and effectiveness, the management duly considers and takes appropriate action on the recommendations made by the Statutory Auditors, Internal Auditors and by Management Committee/Audit Committee of the Board of Directors. The company is running on SAP Platform in order to have proper internal control procedure with the required authorization and “maker and checker” concept. This helps in correct recording of transactions and elimination and timely rectification of errors. The Company has appointed consultants/professionals to conduct Cost Audit and Secretarial Audit and observations made, if any, are reviewed by the Management periodically and corrective actions taken.

Human Resources

Employee relations continued to be cordial throughout the year and recruitments were made commensurate with the needs of business. The Company employs about 169 people in all its facilities.

Finance Cost

Finance Cost, during the year under review stood at ₹ 272.59 Lacs, as compared to ₹ 391.52 Lacs during the last financial year. The decrease in finance cost is attributable to decreased availment of cash credit and buyers’ credit facilities from the banks.

Key Financial Ratios

Key Financial Ratios of the Company during the year under review in comparison with the immediately previous financial year:

Ratios	FY 2018-19	FY 2017-18
Debtor Turnover	7.90	5.36
Inventory turnover	6.61	5.22
Interest Coverage Ratio	7.06	7.78

Independent Auditors' Report

TO THE MEMBERS OF MANAKSIA STEELS LIMITED

Report on the audit of Standalone Ind AS Financial Statements

Opinion

We have audited the standalone financial statements of Manaksia Steels Limited ("the Company"), which comprise the balance sheet as at 31st March 2019, and the statement of profit and loss including Other Comprehensive Income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information for the year ended on that date (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Revenue Recognition

We have identified this as an area of importance because the company's revenue is a material item in view of adoption of Ind AS 115 "Revenue from Contracts with Customers".

The application of the new revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period and disclosures thereof.

Our audit procedures included but were not limited to:

- Evaluation of the company's accounting principles in relation to implementation of the new revenue accounting standard;
- Created an understanding of the company's routines and internal controls associated with revenue recognition;
- Examination of a selection of transactions to ensure that they have been reported correctly according to agreements and in the correct periods;

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in Other Section of Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are

required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Ind AS financial statements that gives a true and fair view of the financial position, financial performance, Changes in Equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013 we are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- I. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013 and according to the information and explanations given to us and also on the basis of such checks as we considered appropriate, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- II. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statements of Cash Flows dealt with by this report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with rule 7 of the Companies (Accounts) Rules, 2014;
 - e. On the basis of the written representations received from the directors as on March 31, 2019 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019, from being appointed as a director in terms of section 164 (2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed the impact of pending litigations on its financial position in its financial statements (Refer Note no. 35 of the standalone Ind AS financial statements).
 - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

The Annexure referred to in our Independent Auditor's Report to the members of **Manaksia Steels Limited** (the Company') on the standalone Ind AS financial statements for the year ended on March 31, 2019. We report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to information and explanation given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii. The inventories have been physically verified during the year by the management at regular intervals. In our opinion and according to the information and explanations given to us, no material discrepancies were noticed on physical verification.
- iii. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act'). Accordingly, paragraph 3(iii)a, 3(iii)b and 3(iii)(c) of the Order is not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposits from the public.
- vi. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148 of the Companies Act, 2013, and are of the opinion that prima-facie the prescribed records have been made and maintained. We have, however, not made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us in respect of statutory dues:
 - (a) The Company has been regular in depositing undisputed statutory dues, including Provident Fund, Employees State Insurance, Income Tax, Service Tax, Sales Tax, Value Added Tax, duty of Custom, duty of Excise, Cess, GST and other statutory dues with the appropriate authorities during the year. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31st March, 2019 for a period of more than six months from the date they became payable.
 - (b) According to the information and explanations given to us, there are no dues of income tax and duty of customs which have not been deposited with the appropriate authorities on account of any dispute. However, according to information and explanations given to us, the following dues of service tax, sales tax, duty of excise and value added tax have not been deposited by the Company on account of disputes:

Sl.	Name of the Statute	Nature of dues	Amount ₹ (In Lacs)	Financial year to which the amount relates	Forum where dispute is pending
1	The Finance Act, 1994	Service Tax	0.20	2013-14	A.C (Audit), Circle - IV & V, Audit - II Commissionerate
2	Central Excise Act, 1944	Excise duty	1.33	2015-16	Comm. (Appeal) - II

- viii. In our opinion and according to information and explanations given by the management, we are of the opinion that the Company has not defaulted in the repayment of dues to financial institution and banks. The Company does not have any loans or borrowings from Government and has not issued any debentures.

- ix. To the best of our knowledge and belief and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and has not taken any term loans during the year. Accordingly, paragraph 3 (ix) of the order is not applicable.
- x. According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- xi. According to the information and explanations given to us, the Company has paid/provided for managerial remunerations in accordance with the requisite approvals mandated by the provisions of Sec 197 read with Schedule V to the Act.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone Ind AS financial statements as required by the applicable Indian accounting standards.
- xiv. According to the information and explanations given to us and based on our examination of the records, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable.

Annexure - B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Manaksia Steels Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements as at and for the year ended 31st March, 2019

1. Company Overview

Manaksia Steels Limited ("the Company") is a public limited company incorporated in India having its registered office situated at 6, Lyons Range, 1st Floor, Turner Morrison Building, Kolkata - 700 001. The Company has its shares listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is primarily engaged in the manufacture of value-added secondary steel products like Cold Rolled Sheets, Galvanised Corrugated Sheets, Galvanised Plain Sheets, Colour Coated (Pre-painted) Sheets, etc. The manufacturing units of the Company are located at Haldia & Bankura (West Bengal).

2. Significant Accounting Policies

(a) Statement of compliance

These Financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of the Companies Act, 2013 ('Act') and other relevant provisions of the Act, as applicable.

The financial statements are authorized for issue by the Board of Directors of the Company at their meeting held on May 30, 2019.

(b) Functional and presentation currency

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency.

(c) Basis of measurement

These financial statements are prepared under the historical cost convention on the accrual basis except for Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

(d) Use of estimates and judgments

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Estimates and underlying assumptions are reviewed on an ongoing basis. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. The changes in the estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

II) Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, and goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of Products

Revenue from sale of products is recognized when the Company transfers the control of goods to the customer as per the terms of contract. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component, non-cash considerations and

Notes to Financial Statements as at and for the year ended 31st March, 2019

2. Significant Accounting Policies (Contd.)

consideration payable to the customer (if any). In case of domestic sales, the company believes that the control gets transferred to the customer on dispatch of the goods from the factory and in case of exports, revenue is recognised on passage of control as per the terms of contract / incoterms.

Variable consideration in the form of volume rebates is recognised at the time of sale made to the customers and are offset against the amounts payable by them.

Contract Balances

➤ Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

➤ Refund Liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period

Dividend income is recognized in Statement of Profit and Loss on the date on which the Company's right to receive payment is established. Interest income is recognized using the effective interest method.

III) Property, Plant & Equipment

Property, plant and equipment are stated at acquisition cost, less accumulated depreciation and accumulated impairment loss, if any. The cost of Property, Plant & Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Interest and other financial charges on loans borrowed specifically for acquisition of capital assets are capitalised till the start of commercial production.

Depreciation is provided on the straight line method over the estimated useful lives of assets and are in line with the requirements of Part C of Schedule II of the Companies Act, 2013. The estimated useful lives are as follows :

Building	30 Years
Plant & Equipment	10 - 20 Years
Computers	3 Years
Office Equipment	3 - 5 Years
Furniture & Fixtures	5 - 10 Years
Vehicles	8 Years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as 'Capital Advances' under other 'Non-Current Assets' and the cost of assets not put to use before such date are disclosed under 'Capital Work in Progress'.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

IV) Intangible Assets

Intangible Assets acquired separately are measured on initial recognition at cost. Intangible Assets acquired in a business combination is valued at their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Notes to Financial Statements as at and for the year ended 31st March, 2019

2. Significant Accounting Policies (Contd.)

The useful lives of Intangible Assets are assessed as either finite or indefinite.

Intangible Assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an Intangible Asset with a finite useful life are reviewed at the end of each reporting period. The amortization expense on Intangible Assets with finite lives is recognized in the Statement of Profit & Loss. The Company amortizes intangible assets over their estimated useful lives using the straight line method.

Intangible Assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit & Loss when the asset is derecognized.

V) Inventories

Inventories are valued at cost or net realisable value whichever is lower except for saleable scraps, whose cost is not identifiable, which are valued at estimated net realisable value. Closing stock has been valued on Weighted Average basis. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activity.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

VI) Financial Instruments

Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i. Non derivative financial instruments

a) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

Notes to Financial Statements as at and for the year ended 31st March, 2019

2. Significant Accounting Policies (Contd.)

c) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

d) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

e) Investment in subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

ii. Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

VII) Fair Value Measurement

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

VIII) Impairment

Impairment is recognized based on the following principles:

Financial Assets

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12

Notes to Financial Statements as at and for the year ended 31st March, 2019

2. Significant Accounting Policies (Contd.)

month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

Non-Financial Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating unit). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of reporting period.

IX) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

X) Foreign Currency Transactions & Translations

The functional currency of the Company is Indian Rupee (₹). These Financial Statements are presented in Indian Rupee (rounded off to the nearest Lacs).

Transactions in foreign currencies entered into by the company are accounted at the exchange rates prevailing on the date of the transaction. Gains & losses arising on account of realization are accounted for in the Statement of Profit & Loss.

Monetary Assets & Liabilities in foreign currency that are outstanding at the year end are translated at the year end exchange rates and the resultant gain/loss is accounted for in the Statement of Profit & Loss.

XI) Cash and Cash Equivalents

Cash and Cash Equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

XII) Employee Benefits

Defined Contribution Plan

The Company makes contributions towards provident fund to the regulatory authorities to a defined contribution retirement benefit plan for qualifying employees, where the Company has no further obligations. Both the employees and the Company make monthly contributions to the Provident Fund Plan equal to a specified percentage of the covered employee's salary.

Defined Benefit Plan

Gratuity is paid to employees under the Payment of Gratuity Act 1972 through unfunded scheme. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of Ind AS 19 - Employee Benefits.

Notes to Financial Statements as at and for the year ended 31st March, 2019

2. Significant Accounting Policies (Contd.)

The Company recognizes the net obligation of the defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

The Company recognises the changes in the net defined benefit obligation like service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income, as an expense in the Statement of Profit and Loss.

Short term employee benefits are charged off at the undiscounted amount in the year in which the related services are rendered.

XIII) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

XIV) Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit & Loss over the lease term.

XV) Government Grants

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them shall be complied with and the grants will be received. Grants related to assets are treated as deferred income and are recognized as other income in the Statement of profit & loss on a systematic and rational basis over the useful life of the asset. Grants related to income are recognized on a systematic basis over the periods necessary to match them with the related costs which they are intended to compensate and are deducted from the expense in the statement of profit & loss.

XVI) Income Taxes

Income tax expense is recognized in the Statement of Profit & Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Provision for current tax is made at the current tax rates based on assessable income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Financial Statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed

in the foreseeable future. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XVII) Earnings per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

XVIII) Current and Non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- i) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- ii) held primarily for the purpose of trading,
- iii) expected to be realised within twelve months after the reporting period, or
- iv) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when it is:

- i) it is expected to be settled in the normal operating cycle,
- ii) it is due to be settled within twelve months after the reporting period, or
- iii) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period."

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as noncurrent.

XIX) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

XX) Rounding of Amounts

All amounts disclosed in the standalone Financial Statements and notes have been rounded off to the nearest Lacs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated.

XXI) Recent Accounting Pronouncements

On March 30, 2019 the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2019, notifying Ind AS 116 on Leases. Ind AS 116 would replace the existing leases standard Ind AS 17. The standard sets out the principles for the recognition, measurement, presentation and disclosures for both parties to a contract, i.e. the lessee and the lessor. Ind AS 116 introduces a single lease accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently for operating lease rentals are charged to the statement of profit and loss. The Company is currently evaluating the implications of Ind AS 116 on the financial

statements. The Companies (Indian Accounting Standards) Amendment Rules, 2019 also notified amendments to the following accounting standards. The amendments would be effective from April 1, 2019.

1. Ind AS 12, Income Taxes – Appendix C on uncertainty over income tax treatments
2. Ind AS 12, Income Taxes - Accounting for Dividend Distribution Taxes
3. Ind AS 23, Borrowing Costs
4. Ind AS 28 – Investment in Associates and Joint Ventures
5. Ind AS 103 and Ind AS 111 – Business Combinations and Joint Arrangements
6. Ind AS 109 – Financial Instruments
7. Ind AS 19 – Employee Benefits

The Company is in the process of evaluating the impact of such amendments.

The Company's focus is on foreseeing the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

a) Market Risk -

Market Risk Comprises of Foreign Currency Exchange Rate Risk, Interest Rate Risk & Equity Price Risk.

i) Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have a potential impact on the Statement of Profit and Loss and Equity, where any transactions are denominated in a currency other than the functional currency of the Company.

The Company's Exchange Rate Risk exposure is primarily due to Trade Payables, Trade Receivables and Borrowings in the form of Buyers' Credit denominated in foreign currencies. The Company uses foreign exchange and forward contracts primarily to hedge foreign exchange exposure.

An appreciation/depreciation of the foreign currencies with respect to functional currency of the Company by 50 paise would result in an decrease/increase in the Company's Net Profit before Tax by approximately ₹ 17.28 lacs for the year ended March 31, 2019 (March 31, 2018 : ₹ 81.66 lacs)

ii) Interest Rate Risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. The Company does not have any interest bearing liabilities having floating rate of interest. Hence, the Company does not have any material exposure to Interest Rate Risk.

iii) Security Price Risk

Security price risk is related to change in market reference price of investments in equity securities held by the Company. The fair value of quoted investments held by the Company exposes the Company to equity price risks. In general, these investments are held for trading purposes.

The fair value of investments in equity and mutual funds, classified as Fair Value through Profit & Loss as at March 31, 2019 and March 31, 2018, was ₹ 1615.04 lacs and ₹ 623.80 lacs respectively.

A 10% change in prices of such securities held as at March 31, 2019 and March 31, 2018, would result in an impact of ₹ 161.50 lacs and ₹ 62.38 lacs respectively on equity before tax impact.

b) Liquidity Risk -

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital facilities from various banks. The Company invests its surplus funds in bank fixed deposit, equity instruments and mutual funds, which carry no or low market risk.

The following table shows a maturity analysis of the Company's Financial Liabilities on the basis of undiscounted contractual payments :

40. Disclosures on Financial Instruments (Contd.)

c) Credit Risk -

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness

Financial instruments that are subject to credit risk principally consist of Trade Receivables, Loans Receivables, Investments, Cash and Cash Equivalents and Financial Guarantees provided by the Company. None of the financial instruments of the Company result in material concentration of credit risk.

The Company has a policy of dealing only with credit worthy counter parties as a means of mitigating the risk of financial loss from defaults. The Company manages risks through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.

42. Capital Management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long term and short term goals of the Company.

The Company determines the amount of capital required on the basis of annual business plan coupled with long term and short term strategic investment and expansion plans. The funding needs are met through cash generated from operations and short term bank borrowings.

The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Company. Net debt includes interest bearing borrowings less cash and cash equivalents, other bank balances and current investments. The table below summarises the capital, net debt and net debt to equity ratio of the Company.

CONSOLIDATED FINANCIAL STATEMENTS

Independent Auditors' Report

TO THE MEMBERS OF MANAKSIA STEELS LIMITED

Report on the audit of Consolidated Ind AS financial statements

Opinion

We have audited the accompanying consolidated financial statements of Manaksia Steels Limited (“the Holding Company”) and its subsidiaries (the Company and its subsidiaries together referred to as “the Group”), which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2019, and consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Revenue Recognition

We have identified this as an area of importance because the Group's revenue is a material item in view of adoption of Ind AS 115 “Revenue from Contracts with Customers”.

The application of the new revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period and disclosures thereof.

Our audit procedures included but were not limited to:

- Evaluation of the Group's accounting principles in relation to implementation of the new revenue accounting standard;
- Created an understanding of the Group's routines and internal controls associated with revenue recognition;
- Examination of a selection of transactions to ensure that they have been reported correctly according to agreements and in the correct periods;

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included Other Section of Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it related to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Management and those charge with governance for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India . The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has an adequate internal financial control system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group's to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements / financial information of a subsidiary, incorporated outside India, whose financial statements / financial information reflect total assets of ₹ 2,473.93 lakhs as at 31st March 2019, total revenue of ₹ 270.26 lakhs and net cash flows amounting to ₹ (172.85) lakhs for the year ended 31st March 2019, as considered in the consolidated Ind AS financial statements. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the report of the other auditor.

The accompanying consolidated Ind AS financial results include unaudited financial statements and other unaudited financial information in respect of two subsidiaries, incorporated outside India, whose financial results include, total assets of ₹ 7,829.22 lakhs as at 31st March, 2019, total revenue of ₹ 583.70 lakhs and net cash flows amounting to ₹ (103.46) lakhs for the year ended 31st March 2019, as considered in the consolidated Ind AS financial statements. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. Our opinion, in so far as it relates to the affairs of these subsidiaries, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanation given to us by the management, these financial

statements and other financial information are not material to the Group. Our opinion is not modified in respect of this matter.

Our opinion on the consolidated Ind AS financial statements, and our report on other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including other comprehensive income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued there under.
- e. On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2019 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. The Holding Company does not have any subsidiary incorporated in India and accordingly separate report on the adequacy of the internal financial controls of the Group and the operating effectiveness of such controls have not been annexed to this report;
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclosed the impact of pending litigations on its financial position in its financial statements (Refer Note no. 36 of the Consolidated Ind AS financial statements).
 - ii. The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

1. Company Overview

The consolidated financial statements comprise financial statements of Manaksia Steels Limited (“the Company”) and its subsidiaries (collectively, “the Group”) for the year ended March 31, 2019.

The Company is a public limited company incorporated in India having its registered office situated at 6, Lyons Range, 1st Floor, Turner Morrison Building, Kolkata - 700 001. The Company has its shares listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is primarily engaged in the manufacture of value-added secondary steel products like Cold Rolled Sheets, Galvanised Corrugated Sheets, Galvanised Plain Sheets, Colour Coated (Pre-painted) Sheets, etc. The manufacturing units of the Company are located at Haldia & Bankura (West Bengal).

List of Subsidiaries included in the Consolidated Financial Statements are as under:

Name of Subsidiary Company	Country of Incorporation	Extent of Holding
Technomet International FZE	United Arab Emirates	100%
Federated Steel Mills Limited	Nigeria	100%
Far East Steel Industries Limited	Nigeria	100%

2. Significant Accounting Policies

1) Basis of Preparation

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 (“Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended. These financial statements are prepared under the historical cost convention on the accrual basis except for certain items of assets and liabilities which have been measured at their fair values.

(b) Functional and presentation currency

These Consolidated financial statements are presented in Indian Rupees (₹), which is also the Group’s functional currency. All amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

(c) Basis of measurement

The Consolidated financial statements have been prepared on historical cost convention on the accrual basis, except for the following items:

- (i) Certain financial assets and financial liabilities measured at fair value
- (ii) Assets held for sale-measured at the lower of its carrying amount and fair value less costs to sell; and
- (iii) Employee’s defined benefit plan as per actuarial valuation.

Fair value is the price that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

(d) Use of estimates and judgments

The preparation of the Group’s Consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Estimates and underlying assumptions are reviewed on an ongoing basis. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these Consolidated financial statements have been disclosed below. Accounting estimates could change from period

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

2. Significant Accounting Policies (Contd.)

to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. The changes in the estimates are reflected in the Consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Consolidated financial statements.

II) Basis of Consolidation

The consolidated financial statements comprise financial statements of the Company and its Subsidiaries and have been prepared in accordance with Indian Accounting Standard for Consolidated Financial Statements (IND AS 110), prescribed under section 133 of the Companies Act, 2013 ('Act'). Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases. The Consolidated Financial Statements have been prepared on the following basis:

- i) The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation.
- ii) The difference between the cost of investment in the Subsidiaries over its proportionate share in the net assets value at the time of acquisition of stake in subsidiaries is recognised in the financial statements as Goodwill or Capital Reserve as the case may be. For this purpose, the company's share of net worth is determined on the basis of the latest financial statements prior to the acquisition after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. Capital reserve on consolidation is adjusted against Goodwill. Changes in parents ownership interest in subsidiary that do not result in the parent losing control of the subsidiary are recognised directly in equity.
- iii) Non controlling interest in net profit/loss of the Subsidiaries for the year is identified and adjusted against income in order to arrive at the net income attributable to shareholders' of the company. Non controlling interest in net assets of the subsidiaries is identified and presented separately in Consolidated Financial Statements.
- iv) As far as possible the Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the company's financial statements.
- v) The financial statements of the entities used for the purpose of consolidation are drawn up to the same reporting date as that of the company.
- vi) Foreign Exchange fluctuations on conversion of the accounts of foreign subsidiaries have been taken to Foreign Currency Translation Reserve (Arising on Consolidation).

III) Business Combination

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

2. Significant Accounting Policies (Contd.)

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

IV) Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, and goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of Products

Revenue from sale of products is recognized when the Company transfers the control of goods to the customer as per the terms of contract. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component, non-cash considerations and consideration payable to the customer (if any). In case of domestic sales, the company believes that the control gets transferred to the customer on dispatch of the goods from the factory and in case of exports, revenue is recognised on passage of control as per the terms of contract / incoterms.

Variable consideration in the form of volume rebates is recognised at the time of sale made to the customers and are offset against the amounts payable by them.

Contract Balances

➤ Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

➤ Refund Liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

2. Significant Accounting Policies (Contd.)

Dividend income is recognized in Statement of Profit and Loss on the date on which the Company's right to receive payment is established. Interest income is recognized using the effective interest method.

All other income are recognized on accrual basis.

V) Property, Plant & Equipment

Property, plant and equipment are stated at acquisition cost, less accumulated depreciation and accumulated impairment loss, if any. The cost of Property, Plant & Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Interest and other financial charges on loans borrowed specifically for acquisition of capital assets are capitalised till the start of commercial production.

Depreciation is provided on the straight line method over the estimated useful lives of assets and are in line with the requirements of Part C of Schedule II of the Companies Act, 2013. The estimated useful lives are as follows :

Building	30 Years
Plant & Equipment	10 - 20 Years
Computers	3 Years
Office Equipment	3 - 5 Years
Furniture & Fixtures	5 - 10 Years
Vehicles	8 Years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as 'Capital Advances' under other 'Non-Current Assets' and the cost of assets not put to use before such date are disclosed under 'Capital Work in Progress'.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

VI) Intangible Assets

Intangible Assets acquired separately are measured on initial recognition at cost. Intangible Assets acquired in a business combination is valued at their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The useful lives of Intangible Assets are assessed as either finite or indefinite.

Intangible Assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an Intangible Asset with a finite useful life are reviewed at the end of each reporting period. The amortization expense on Intangible Assets with finite lives is recognized in the Statement of Profit & Loss. The Group amortizes intangible assets over their estimated useful lives using the straight line method.

Intangible Assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit & Loss when the asset is derecognized.

VII) Inventories

Inventories are valued at cost or net realisable value whichever is lower except for saleable scraps, whose cost is not identifiable, which are valued at estimated net realisable value. Closing stock has been valued on Weighted Average basis. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activity.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

2. Significant Accounting Policies (Contd.)

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

VIII) Financial Instruments

Initial recognition and measurement

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i. Non derivative financial instruments

a) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

c) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

d) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

ii. Derivative financial instruments

The Group holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income.

Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

IX) Fair Value Measurement

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

2. Significant Accounting Policies (Contd.)

to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

X) Impairment

Impairment is recognized based on the following principles:

Financial Assets

The Group recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

Non-Financial Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash- generating unit). Non- financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of reporting period.

XI) Provisions and Contingent Liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

XII) Foreign Currency Transactions & Translations

Functional and presentation currency

The consolidated financial statements are presented in INR, the functional currency of the Group. Items included in the financial statements of the Group are recorded using the currency of the primary economic environment in which the Group operates (the 'functional currency').

Transaction and balances

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

2. Significant Accounting Policies (Contd.)

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

XIII) Cash and Cash Equivalents

Cash and Cash Equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

XIV) Employee Benefits

Defined Contribution Plan

The Group makes contributions towards provident fund to the regulatory authorities to a defined contribution retirement benefit plan for qualifying employees, where the Company has no further obligations. Both the employees and the Company make monthly contributions to the Provident Fund Plan equal to a specified percentage of the covered employee's salary.

Defined Benefit Plan

The Group operates a Defined Benefit Gratuity Plan in India. Gratuity is paid to employees under the Payment of Gratuity Act 1972 through unfunded scheme. The Group's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of Ind AS 19 - Employee Benefits.

The Group recognizes the net obligation of the defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

The Group recognises the changes in the net defined benefit obligation like service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income, as an expense in the Statement of Profit and Loss.

Short term employee benefits are charged off at the undiscounted amount in the year in which the related services are rendered.

XV) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

XVI) Leases

Leases under which the Group assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit & Loss over the lease term.

XVII) Government Grants

The Group recognizes government grants only when there is reasonable assurance that the conditions attached to them shall be complied with and the grants will be received. Grants related to assets are treated as deferred income and are recognized as other income in the Statement of profit & loss on a systematic and rational basis over the useful life of the asset. Grants related

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as at and for the year ended March 31, 2019

2. Significant Accounting Policies (Contd.)

to income are recognized on a systematic basis over the periods necessary to match them with the related costs which they are intended to compensate and are deducted from the expense in the statement of profit & loss.

XVIII) Income Taxes

Income tax expense is recognized in the Statement of Profit & Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Provision for current tax is made at the current tax rates based on assessable income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Financial Statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XIX) Earnings per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

XX) Current and Non-current classification

The Group presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- i) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- ii) held primarily for the purpose of trading,
- iii) expected to be realised within twelve months after the reporting period, or
- iv) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when it is:

- i) it is expected to be settled in the normal operating cycle,
- ii) it is due to be settled within twelve months after the reporting period, or
- iii) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as noncurrent.

2. Significant Accounting Policies (Contd.)

XXI) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

XXII) Rounding of Amounts

All amounts disclosed in the consolidated Financial Statements and notes have been rounded off to the nearest Lacs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated.

XXIII) Recent Accounting Pronouncements

On March 30, 2019 the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2019, notifying Ind AS 116 on Leases. Ind AS 116 would replace the existing leases standard Ind AS 17. The standard sets out the principles for the recognition, measurement, presentation and disclosures for both parties to a contract, i.e. the lessee and the lessor. Ind AS 116 introduces a single lease accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently for operating lease rentals are charged to the statement of profit and loss. The Group is currently evaluating the implications of Ind AS 116 on the financial statements. The Companies (Indian Accounting Standards) Amendment Rules, 2019 also notified amendments to the following accounting standards. The amendments would be effective from April 1, 2019.

1. Ind AS 12, Income Taxes – Appendix C on uncertainty over income tax treatments
2. Ind AS 12, Income Taxes - Accounting for Dividend Distribution Taxes
3. Ind AS 23, Borrowing Costs
4. Ind AS 28 – Investment in Associates and Joint Ventures
5. Ind AS 103 and Ind AS 111 – Business Combinations and Joint Arrangements
6. Ind AS 109 – Financial Instruments
7. Ind AS 19 – Employee Benefits

II) Fair Value Hierarchy

All Financial Assets & Financial Liabilities are carried at amortised cost except Current Investments and Foreign Currency Forward Contracts, which have been fair valued using Level 1 & Level 2 Hierarchy respectively.

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The following table represents the fair value hierarchy of Financial Assets and Financial Liabilities measured at Fair Value on a recurring basis :

Particulars	Fair Value Hierarchy Level	March 31, 2019	March 31, 2018
Financial Assets			
Investments (Current)	Level 1	1,615.04	623.80
Derivative financial instruments - Foreign Currency Forward Contracts	Level 2	4.63	3.21

III) Financial Risk Management

In the course of its business, the Group is exposed primarily to fluctuations in foreign currency exchange rates, interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. The Group's focus is on foreseeing the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

a) Market Risk -

Market Risk Comprises of Foreign Currency Exchange Rate Risk, Interest Rate Risk & Equity Price Risk

i) Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have a potential impact on the Statement of Profit and Loss and Equity, where any transactions are denominated in a currency other than the functional currency of the Group.

The Group's Exchange Rate Risk exposure is primarily due to Trade Payables, Trade Receivables and Borrowings in the form of Buyers' Credit denominated in foreign currencies. The Group uses foreign exchange and forward contracts primarily to hedge foreign exchange exposure.

An appreciation/depreciation of the foreign currencies with respect to functional currency of the Group by 50 paise would result in an decrease/increase in the Group's Net Profit before Tax by approximately ₹ 17.28 lacs for the year ended March 31, 2019 (March 31, 2018 : ₹ 81.66 lacs)

ii) Interest Rate Risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. The Group does not have any interest bearing liabilities having floating rate of interest. Hence, the Group does not have any material exposure to Interest Rate Risk.

iii) Security Price Risk

Security price risk is related to change in market reference price of investments in equity securities held by the Group. The fair value of quoted investments held by the Group exposes the Group to equity price risks. In general, these investments are held for trading purposes.

The fair value of investments in equity and mutual funds, classified as Fair Value through Profit & Loss as at March 31, 2019 and March 31, 2018, was ₹ 1615.04 lacs and ₹ 623.80 lacs respectively.

A 10% change in prices of such securities held as at March 31, 2019 and March 31, 2018, would result in an impact of ₹ 161.50 lacs and ₹ 62.38 lacs respectively on equity before tax impact.

b) Liquidity Risk -

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Group has obtained fund and non-fund based working capital facilities from various banks. The Group invests its surplus funds in bank fixed deposit, equity instruments and mutual funds, which carry no or low market risk.

The following table shows a maturity analysis of the Group's Financial Liabilities on the basis of undiscounted contractual payments :

Particulars	March 31, 2019	March 31, 2018
One Year or less		
Borrowings	217.33	9,386.90
Trade Payables	13,120.62	8,418.38
Other Financial Liabilities	802.41	837.31
More than One Year		
Borrowings	67.72	191.84
Trade Payables	—	—
Other Financial Liabilities	—	—

c) Credit Risk -

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness

Financial instruments that are subject to credit risk principally consist of Trade Receivables, Loans Receivables, Investments, Cash and Cash Equivalents and Financial Guarantees provided by the Group. None of the financial instruments of the Group result in material concentration of credit risk.

The Group has a policy of dealing only with credit worthy counter parties as a means of mitigating the risk of financial loss from defaults. The Group manages risks through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

42. Capital Management

The Group's capital management is intended to create value for shareholders by facilitating the meeting of long term and short term goals of the Group.

The Group determines the amount of capital required on the basis of annual business plan coupled with long term and short term strategic investment and expansion plans. The funding needs are met through cash generated from operations and short term bank borrowings.

The Group monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Group. Net debt includes interest bearing borrowings less cash and cash equivalents, other bank balances and current investments. The table below summarises the capital, net debt and net debt to equity ratio of the Group.
